

EFFECTIVE DATE: 03 | 18 | 2020

POLICY LAST UPDATED: 04 | 08 | 2020

OVERVIEW

This **TEMPORARY** policy documents the billing and medical record documentation requirements when a provider renders a Telemedicine/Telehealth or Telephone only Preventive Medicine Evaluation and Management (E&M) Visits for both adults and children (Well-Child Exams) or Annual Wellness Visits (AWV) for Medicare Advantage members during the COVID-19 crisis/the timeframe this policy is in effect.

This policy is applicable to in-network providers for BlueCHiP for Medicare and Commercial Products.

Refer to the Related Policies section for other policies related to services rendered during this designated timeframe.

This policy is effective for dates of service on or after March 18, 2020.

Blue Cross & Blue Shield of Rhode Island (BCBSRI) reserves the right to implement and revoke this policy without the contractual sixty-day (60) notification for a change in policy that is normally required under BCBSRI contracts with its providers. This would apply both for the effective date, due to the urgent and emergent nature of a pandemic, as well as for the withdrawal of the policy.

Notice of the implementation, update or withdrawal of this policy will be communicated to BCBSRI providers via a notice on BCBSRI's provider website/portal under Alerts and Updates.

POLICY STATEMENT

BlueCHiP for Medicare and Commercial Products

During the timeframe this policy is in effect, BCBSRI will **TEMPORARILY** allow for Preventive Medicine E&M Services for both adults and children (Well-Child Exam) and AWV for Medicare Advantage members to be provided through telemedicine/telehealth or telephone only encounters in an effort to reduce the need for in-person treatment and support social distancing efforts, as well as to ensure that providers are able to continue to provide medically necessary and clinically appropriate care during the course of this public health emergency.

Additionally, during the timeframe this policy is in effect, BCBSRI will allow the components of the Preventive Medicine E&M and AWV to be conducted on two (2) separate dates of service.

Claims submitted for reimbursement must meet the following guidelines:

1. The first portion/part of the patient encounter would be to perform the Preventive Medicine E&M or AWV components of the exam that are clinically appropriate to be performed by telemedicine/telehealth or telephone only. The encounter must be documented by the appropriate procedure code for the Preventive E&M or AWV service e.g. 99382, 99395 or G0438 that the provider would report if the service was provided in the office. This portion/part

- of the encounter should be reported on the date of service the telemedicine/telehealth or telephone only service takes place. Claims must be filed with **Place of Service (POS) 02** (Telehealth) to indicate that this part of the service was rendered as a telemedicine/telehealth or telephone only visit.
2. The second portion/part of the patient encounter is intended to perform/meet the face-to-face visit components/physical requirements of the Preventive Medicine E&M or the AWW exam e.g. digital or breast exam, provide immunizations, etc. e.g. 90471. Only those services that are provided on that date of service that are separate from the Preventive Medicine E&M or the AWW exam should be billed/reported on the second date of service. The main procedure code for the Preventive E&M or AWW e.g. 99395 or G0438 would NOT be reported on the second date of service as it was already reported on the initial date of service. Claims must be filed with **Place of Service 11** (Office) or other appropriate POS where the exam takes place.
 3. The claim filed for the Preventive Medicine E&M or AWW with the appropriate CPT/HCPCS code **MUST** be submitted only **ONCE** on the initial date of service the telemedicine/telehealth or telephone encounter occurs.
 4. The provider must ensure that they file **ALL** applicable Category II CPT codes, as well as any applicable CPT codes for health assessments and/or screenings that take place. These services are reported as if they were performed in the office on one of the 2 dates of service to ensure compliance with BCBSRI policies as well as HEDIS requirements.
 5. The documentation in the members' medical record **MUST** reflect both encounters. The progress note for the face-to-face encounter **MUST** indicate/reference the date of the initial telemedicine/telehealth or telephone only encounter, and it should be tied to the initial encounter in the patient record/EMR for future review by BCBSRI.
 6. BCBSRI will consider reimbursement for a separate sick E&M service e.g. 99212 on the date of service the face-to-face portion of the Preventive Medicine E&M or AWW takes place if the patient raises a separate health concern which would not normally be addressed during a Preventive Medicine E&M or AWW (e.g. incidental complaints by the patient) for which a separate encounter would normally be billed. Documentation requirements for the separately identifiable sick E&M Service are expected to meet all typical documentation requirements for a separate encounter. **The members standard cost share/benefit for a sick visit would apply to the separately identifiable and billed E&M visit.**

NOTE: BCBSRI reserves the right to audit medical records as well as administrative records related to adherence to all the requirements of this policy, e.g. to verify the nature of the services provided, the medical necessity and clinical appropriateness to provide such service via telemedicine and/or telephone as well the appropriateness of the level of evaluation and management coding. Documentation must contain the details of the provider-patient encounter.

COVERAGE

Benefits may vary between groups and contracts. Please refer to the appropriate Benefit Booklet, Evidence of Coverage or Subscriber Agreement for applicable preventive benefits/coverage.

CODING

BlueCHiP for Medicare and Commercial Products

The following codes are covered, when rendered with Place of Service 02 Telehealth, when the guidelines in the policy are met:

This medical policy is made available to you for informational purposes only. It is not a guarantee of payment or a substitute for your medical judgment in the treatment of your patients. Benefits and eligibility are determined by the member's subscriber agreement or member certificate and/or the employer agreement, and those documents will supersede the provisions of this medical policy. For information on member-specific benefits, call the provider call center. If you provide services to a member which are determined to not be medically necessary (or in some cases medically necessary services which are non-covered benefits), you may not charge the member for the services unless you have informed the member and they have agreed in writing in advance to continue with the treatment at their own expense. Please refer to your participation agreement(s) for the applicable provisions. This policy is current at the time of publication; however, medical practices, technology, and knowledge are constantly changing. BCBSRI reserves the right to review and revise this policy for any reason and at any time, with or without notice.
